OBJECTIVE

I am seeking a challenging position where I can effectively apply my skills to contribute to the organization's success. I am passionate about driving positive growth and development within set timelines. Additionally, I am eager to learn new skills and enhance my strategies to achieve excellence as a procurement professional.

EXPERIENCE

ICT & Systems Administrator – Real Estate Operations
01.2026 – present-Ahadi real estate, Githurai 45

- Monitor system performance and resolve technical issues across all departments to ensure smooth daily business operations without unexpected downtime.
- Install and update company software and hardware while maintaining compatibility, security standards, and proper documentation for future reference.
- Manage user accounts and control system access rights to protect sensitive company information and prevent unauthorized system usage.

Freelance IT Specialist & Web Developer
09. 2025 – Present- Self-Employed | Nairobi, Kenya

- Designed and developed websites and systems for businesses, including e-commerce and apartment management platforms and event livestreaming system.
- Provided technical support, software installation, and network troubleshooting for clients.

Systems Administrator (entry-level)
08. 2023–12.2023, 08.2024- 12. 2024 - Ngere Tea Factory, Murang'a

- Maintain and monitor factory networks, servers, and databases to ensure seamless production and office operations.
- Install, configure, and troubleshoot production software, inventory systems, and quality control applications efficiently.
- Protect sensitive factory data and employee records through secure storage, backups, and access control measures.

Technical Support Engineer
05. 2022 – 09. 2022 - Kavision cyber, Thika

- Protect sensitive client data, prevent malware infections, and perform regular backups for security and reliability.
- Provide technical support and troubleshoot hardware or software issues quickly to maintain customer satisfaction.
- Monitor system performance continuously and optimize computer operations for seamless, fast, and reliable user experiences.

EDUCATION

- 01.2026 to present (part time): Bachelors of science in Information Technology (BIT) at KCA University.
- 10.2022 to 07.2025: Diploma in Information Communication Technology at Kiambu National Polytechnic.
- 2018 to 04.2022: Kirogo Boys High School attained C- (minus) Kenya certificate of secondary education examination.
